A large, golden phoenix sculpture stands in front of a modern building with a grid of windows. The sculpture is highly stylized, with long, flowing tail feathers and a head with a prominent crest. The background is a light blue circular graphic with a repeating pattern of stylized phoenixes and floral motifs.

Numerous rehabilitation cases verified: The inherited thousands year traditional Chinese medicine physical therapy is effective for improving a variety of health problems.

# Fohoway Portable Magic Device

**Tens:** Using alternating current to release, safe to use, comprehensive realization of acupuncture, massage and other traditional Chinese medicine physiotherapy.

**Vaccum:** Traditional Chinese medicine theory combined with modern medical technology, stimulate subcutaneous tissue, muscle and nerve. Through the effect of mechanical / air pressure difference, and present various discomfort caused by poor blood circulation and nerve block on the body surface, commonly known as "cupping", so as to prevent the development of the disease.

There are two methods of application: "cupping" and "scraping".

**Heat:** Release the energy that can go deep into the subcutaneous tissue, make atoms and molecules (water molecules) resonate in the body, promote the temperature of subcutaneous tissue to rise, and then accelerate the human blood circulation and metabolism, and smooth the microcirculation system.

**Laser:** The irradiation of nasal cavity, ear and throat by 650 nm low intensity laser can dredge capillary, improve blood circulation and enhance the oxygen carrying capacity of capillary blood.

**DP(₹):520.00**  
**MRP(\$):7.80**  
**MRP(₹):624.00**  
**PV:2.5**

Hydrates and locks moisture in the skin, increases the suppleness of the skin, leaves silky smooth skin.

## Fohoway Grade A Soap (4 in 1)

- Sweet almond oil contains the following nutrients:

**Vitamin A:** The retinol in vitamin A has the ability to stimulate the production of new skin cells and smooth fine lines.

**Vitamin E:** This nutrient has antioxidant properties that may help prevent cell damage and help reduce ultraviolet (UV) damage to the skin caused by the sun.

**Omega-3 fatty acids:** These nutrients may help prevent premature aging and safeguard against sun damage.

**Zinc:** This is an essential nutrient for healing acne or other facial scars.

- High concentrations of fatty acids and vitamins make shea butter an ideal cosmetic ingredient for softening skin. Shea butter also has anti-inflammatory and healing properties. Using shea butter on your body, especially your face, can condition, tone, and soothe your skin.

- The rich tree-nut oils in shea butter can soak into your skin, creating a smooth and soft barrier that seals in moisture. This moisturizing effect can last several hours.
